outlined above for each such course. In accordance with Section 1009.285, Florida Statutes, a student may be granted an exception to the Repeat Course Surcharge upon approval by the Office of the University Provost based upon a review of the individual circumstances presented by the student to document exceptional circumstance. Review will be initiated by student petition, which must provide all appropriate documentation to support the claim of exceptional circumstance. Petition forms are available for this purpose from the University Registrar.

(5) The following process shall be used to determine the percentage of cost paid by students for setting the matriculation and non-resident fees.

(a) The most recent expenditure analysis, developed in compliance with Florida Statutes, will be used as the base for the full expenditure by level of instruction. Fundable credit hours estimated by the Florida Atlantic University Board of Trustees, for the year prior to the effective date of the fees, will be used for the enrollment base for each level. Expenditures for each level of instruction will be adjusted by using the percentage change in the total expenditures reported in the expenditure analysis as compared to the estimated total expenditures for the year prior to the effective date of the fees.

(b) The adjusted expenditures for each level of instruction will be divided by the credit hours to obtain the full expenditure per credit hour. The percentage of cost paid by students will be determined by finding the percentage the Matriculation Fee is of the full expenditure per credit hour, by level, for resident students; and by finding the percentage the sum of the Matriculation Fee and the Non-Resident Fee is of the full expenditure per credit hour, by level, for non-resident students.
